**Terms & Conditions:**

An adult (18 years of age or older) must be present during the installation, upgrade, or repair of on-site work. If no adult is present, work will not be performed, and you will be subject to the \$39.99 base service charge in addition to the costs of any applicable parts. errTech, its representatives, technicians, and associates are not responsible for lost data. If a data backup is performed, no guarantee is made that all data has been backed up. Customers are responsible for transferring/backing up data. A Data Backup/Transfer can be added at an additional charge. Cancellations within 24 hours will incur a \$29.99 cancellation charge. Technical service fees are nonrefundable once the service process has begun. Any hardware devices, components, peripherals, software or cabling needed by technicians to fulfill service are the responsibility of the customer to provide. For upgrades, repairs, setups, and installations, the devices, computers, and related services must be working properly for service to be fulfilled. Customer is responsible for acquiring and complying with any software licenses.

**Service Warranty**

errTech warranties its workmanship for a period of 30 days from the service date. errTech is not responsible for issues relating to changes occurring after service is performed.

Prices good through 6-30-2010.

**Have you surfed with a Penguin?**

Penguin computers aren't your ordinary PCs. By abandoning the legacy Windows platform, ThinkPenguin introduces the first reliable PC.

ThinkPenguin systems provide a better computer experience free of viruses, spyware, and crashing.

And unlike Vista and MS Windows 7, Penguin PCs are compatible with most older hardware and computer accessories.

With every system comes preloaded top-notch software and support. This includes 24/7 access to technicians and software for office, graphics, and security.
